Table basse Venise code AF011 en substitution de l'accoudoir

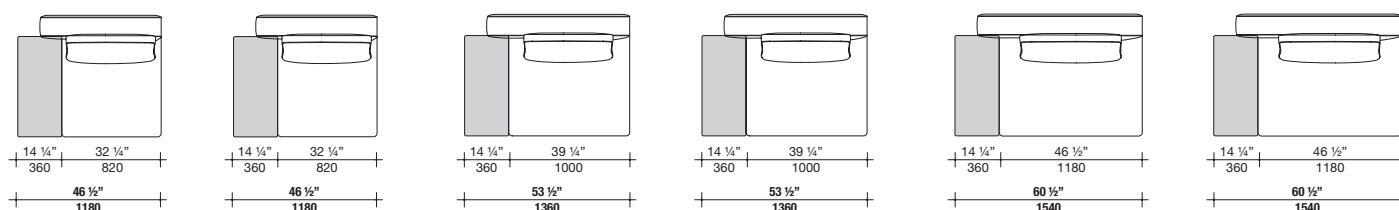

La table basse Venise en profondeur mm 800 peut également être utilisée en substitution de l'accoudoir, que celui-ci soit en largeur mm 300 ou mm 180. Dans ce cas, il faut prendre en considération que la table basse a une largeur de mm 360 et que par conséquent, l'encombrement total de l'éventuel canapé augmente.

Largeurs avec accoudoir

Largeurs avec table basse AF011

La table basse, à la différence de l'accoudoir, n'est jamais accrochée au canapé mais y est accostée et pourra être latérale ou centrale entre plusieurs éléments.
